

**The Men for Sobriety
“New Life” Program promotes
behavioral changes by:**

1. Positive reinforcement (approval and encouragement)
2. Cognitive strategies (positive thinking)
3. Letting the body help (relaxation techniques, meditation, diet and physical exercise)
4. Dynamic group involvement.

The Program concentrates on learning new self-enhancing behavior rather than using fear, reproachments and dependencies to control old destructive practices.

Statement of Purpose

1. Men for Sobriety is an organization whose purpose is to help all men recover from problem drinking through the discovery of self, gained by sharing experiences, hopes and encouragement with other men in similar circumstances.
2. Men for Sobriety is unique in that it is an organization of men for men. It recognizes men’s complex role in today’s society and the necessity for recovery from alcoholism through self-discovery, leading to a sense of self-value and self-worth.
3. Men for Sobriety is not affiliated with Alcoholics Anonymous. Members of Men for Sobriety sometimes belong to AA. Each organization, however, has its individual purpose and should be kept separated.
4. Men for Sobriety believes that drinking began to overcome stress, loneliness, frustration, emotional deprivation, or any number of other kinds of harassment. Dependence and addiction resulted. This physiological addiction can only be overcome by abstinence. Mental and emotional addiction are overcome with the knowledge of self gained through Men for Sobriety.
5. Members of Men for Sobriety live by the Men for Sobriety philosophy: forget the past, plan for tomorrow, and live today.
6. Membership in Men for Sobriety requires a desire to stop drinking and a sincere desire for a new life.
